

REBUSINESS ONLINE

FRANKLIN, TENN. — Crescent Communities plans to break ground this month on Two Greenway Centre, a five-story, 155,000-square-foot office building located within the Greenway Centre development in Nashville's Cool Springs submarket in Franklin. The new Class A office building will be situated on a 16-acre lot adjacent to One Greenway Centre, which Crescent Communities previously developed and leased to Jackson National Life. The project will feature an on-site fitness center, free surface parking and access to existing walking trails. Little Diversified Architectural Consulting designed the building, Jason Holwerda of CNL Commercial Real Estate is the building's leasing agent and Pinnacle Financial Partners is the construction lender. Crescent plans to deliver the new office project in the fourth quarter of 2016.
